

GSDCO General Membership Meeting

March 5, 2009

The meeting was called to order at 8PM

Chuck Murray gave a report on the Feb 23, 2009 hearing on HB2470 held in Salem.

Naiatrust.org is a good source for current legislative information. HB303 appears to be dead at this time.

It is very important for all dog owners to get involved, read the legislation, get active in communicating with their representatives. Hiding your head in the sand will end up in legislation you may find opposite to your needs. Get involved – get active.
