

GSDC OF OREGON
MAY MEMBERSHIP MEETING

8 PM. Presentation on Spinal Problems in Dogs by Sophie Petersen, PhD, DVM, DACVIM Neurology.

The very informative meeting was followed by a question and answer session.

9PM

Called to order at 9 PM by President Leipzig.

Ruth reported on entries being slow and that several people had called saying they were surprised that it was already May. Conformation entries are generally slow.

Show Hospitality: Cynthia Johnson had volunteered to do the show and the agility hospitality. She was unable to attend this meeting because of a health issue.

Don will pick up the trailer and bring it to the show grounds. He will then take it home for the few days before bringing it to the Canby fairgrounds for the agility trial.

We need all hands on deck for the Agility Trial. This trial pays our bills and we need to make certain we are fully staffed.

New Business:

Judges for May 2012 – nominations taken at the June meeting. Voting at the July Meeting.

We have a K-9 Nose Work introduction set for the July meeting. Be there.

Sad News:

Shar's mother passed away.

MOTION: To send Shar flowers. PASSED. Chris P will take care of it.

Betty: She is being moved to a facility providing more intensive medical care. Her condition is deteriorating.

There being no further business, the meeting was adjourned at 9:25
